Chapter 8: Setting Financial Goals

Chapter 9: Giving & Generosity

Chapter 10: Smart Spending Decisions

Chapter 11: Entrepreneurship for Kids

Chapter 12: Building Wealth Habits

My Money Plan Worksheets

Certificate of Completion

INTRODUCTION

Welcome to Money Smart Kids!

Did you know that most adults wish they had learned about money when they were your age? By reading this book, you're already ahead of the game! Money is a tool - and like any tool, you need to learn how to use it properly.

In this book, you'll discover:

- * What money is and how it works
- * How to save money (even small amounts add up!)
- * Ways to earn your own money
- * The magic of compound interest
- * How to be a smart spender AND generous giver
- * Real stories of kids who are money-smart

Each chapter includes:

- A real-life story about a kid like you
- Clear explanations of money concepts
- Fun activities to try
- Quiz questions to test your knowledge
- A My Money Plan worksheet section

Are you ready to become a Money Smart Kid?

Let's get started!

CHAPTER 1

What Is Money?

Money is something people use to trade for goods and services.

A STORY ABOUT MONEY

Maya looked at the shiny toy in the store window. It cost \$25. 'I wish I had money,' Maya said. Then grandma explained that money is something we earn and use carefully. Maya decided to learn everything about money - and that's when the adventure began!

THE LESSON

Long ago, people used to trade things directly. A farmer might trade eggs for bread. But what if the baker didn't want eggs? That was a big problem! So people invented money as a way to make trading easier. First, they used shells and beads. Then they used metal coins. Today, we use paper bills, coins, and even digital money on computers.

CHAPTER 1 ACTIVITIES

Activity 1:

Find 5 different coins and list what year they were made

Activity 2:

Draw what you think money looked like 1000 years ago

Activity 3:

Ask a parent how they pay for things (cash, card, phone)

QUIZ TIME!

What is the main purpose of money? A) To collect B) To trade for things we need C) To look pretty

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 2

Needs vs Wants

Understanding the difference between needs and wants is the first step to being money smart.

A STORY ABOUT MONEY

Jordan really wanted a new video game (\$40) AND new shoes for school (\$35). But Jordan only had \$50 saved up. 'I can't get both,' Jordan realized. That's when Dad said, 'Which one do you NEED and which do you WANT?' This question changed everything.

THE LESSON

A need is something you must have to survive and be healthy: food, water, shelter, clothing, and medicine. A want is something nice to have but you can live without: video games, candy, toys, and fancy clothes. Sometimes it's tricky to tell the difference! Is a phone a need or a want? It depends on the situation.

CHAPTER 2 ACTIVITIES

Activity 1:

Make two columns: NEEDS and WANTS. List 10 items in each

Activity 2:

Look at your last 5 purchases - were they needs or wants?

Activity 3:

Play the Needs vs Wants sorting game with a friend

QUIZ TIME!

Which is a NEED? A) New sneakers B) Warm winter coat C) Video game

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 3

Saving Strategies

Saving money means keeping some of your money for later instead of spending it all now.

A STORY ABOUT MONEY

Every time Kai got money, it seemed to disappear! Birthday money - gone. Allowance - spent by Tuesday. Then Kai's aunt taught the 3-jar system. 'Put money in SAVE, SPEND, and GIVE jars before you do anything else.' Three months later, Kai had saved \$60!

THE LESSON

The best savers follow a simple rule: Pay yourself first! That means before you spend any money, put some into savings. Even saving a small amount adds up over time. If you save just one dollar a day, you'll have 365 dollars in a year! Try the 50-30-20 rule: 50% for needs, 30% for wants, and 20% for savings.

CHAPTER 3 ACTIVITIES

Activity 1:

Set up 3 jars labeled SAVE, SPEND, GIVE

Activity 2:

Calculate how much you'd have if you saved \$2/week for a year

Activity 3:

Create a savings thermometer chart for something you want

QUIZ TIME!

If you save \$5 every week, how much will you have in 10 weeks? A) \$5 B) \$50 C) \$100

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 4

Earning Money: 10 Kid-Friendly Ideas

You don't have to wait until you're grown up to earn money!

A STORY ABOUT MONEY

Sofia wanted to buy a drone that cost \$150. 'That's so much money!'

Sofia thought. But then Sofia made a list of ways to earn money.

Starting with walking the neighbor's dog for \$5 per walk, Sofia earned the full amount in just 6 weeks!

THE LESSON

There are many ways kids can earn money responsibly. The key is finding something you enjoy that also helps others. When you earn your own money, it feels amazing because you worked hard for it. You also learn to value money more when you know how much effort goes into earning it.

10 KID-FRIENDLY WAYS TO EARN MONEY

1. Dog walking or pet sitting for neighbors

Tip: Walk dogs before/after school

2. Yard work (raking leaves, pulling weeds, watering plants)

Tip: Spring and fall are busiest

3. Tutoring younger kids in a subject you're good at

Tip: Start with subjects you get A's in

4. Making and selling crafts or artwork

Tip: Try Etsy or local craft fairs

5. Lemonade or baked goods stand

Tip: Weekends in warm weather work best

6. Car washing service

Tip: Offer interior and exterior

7. Helping elderly neighbors with chores

Tip: Be reliable and friendly

8. Organizing or decluttering for people

Tip: Start with family members

9. Tech help (teaching adults to use phones/computers)

Tip: Many adults need basic tech help

10. Recycling collection service

Tip: Check local recycling rates first

CHAPTER 4 ACTIVITIES

Activity 1:

Pick one idea and make a plan to try it this week

Activity 2:

Create a flyer or poster advertising your service

Activity 3:

Set an earning goal for this month

QUIZ TIME!

What's the best reason to earn your own money? A) To buy everything you want B) To learn responsibility C) To

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 5

Budgeting Basics

A budget is a plan for how you will use your money.

A STORY ABOUT MONEY

Ethan used to spend every dollar the moment it arrived. But after learning about budgets, Ethan made a plan: \$10/week allowance = \$5 savings + \$3 spending + \$2 giving. After 3 months, Ethan had enough for the bike without asking parents for extra!

THE LESSON

Making a budget is like making a map for your money. It tells every dollar where to go. Without a budget, money seems to disappear! Start by writing down all the money you get (allowance, gifts, earnings). Then write down what you need to spend. Finally, decide how to split the rest between saving and fun spending.

CHAPTER 5 ACTIVITIES

Activity 1:

Create your first monthly budget on paper

Activity 2:

Track every penny you spend for one week

Activity 3:

Make a pie chart showing where your money goes

QUIZ TIME!

What is a budget? A) A way to get more money B) A plan for your money C) A type of bank account

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 6

Banking Explained

A bank is a safe place to keep your money that also helps it grow.

A STORY ABOUT MONEY

When Lily turned 10, Mom took them to open a real bank account. 'Your money will be safe here AND it will grow!' Mom explained. Lily deposited birthday money and watched the balance grow each month. It was like planting a money seed!

THE LESSON

Banks are like super-safe piggy banks. When you put money in a bank (called a deposit), they keep it safe and even pay you a little extra money called interest. Banks use some of the money people deposit to lend to others who need it. There are different types of accounts: savings accounts (for growing money) and checking accounts (for spending money).

CHAPTER 6 ACTIVITIES

Activity 1:

Visit a bank with a parent and ask questions

Activity 2:

Compare interest rates of 3 different banks online

Activity 3:

Open a savings account if you don't have one

QUIZ TIME!

What is interest? A) Being bored B) Extra money the bank pays you C) A fee you pay

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 7

The Magic of Compound Interest

Compound interest is when you earn interest on your interest - it's like a money snowball!

A STORY ABOUT MONEY

'Marcus, if you invest \$100 and it grows 10% each year, how much will you have in 30 years?' asked the math teacher. Marcus guessed \$400. The real answer? Over \$1,700! The class was amazed. 'That is compound interest,' the teacher smiled.

THE LESSON

Imagine you put \$100 in the bank at 5% interest. After one year, you have \$105. But the next year, you earn interest on \$105, not just \$100! So you get \$110.25. Each year, the amount grows faster and faster. This is why starting to save when you're young is so powerful - your money has more time to grow.

CHAPTER 7 ACTIVITIES

Activity 1:

Calculate compound interest for \$50 over 5 years at 5%

Activity 2:

Draw a graph showing how \$100 grows over 20 years

Activity 3:

Ask a parent about retirement accounts and compound interest

QUIZ TIME!

Compound interest means earning interest on: A) Just your original money B) Your interest too C) Someone else's money

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 8

Setting Financial Goals

A goal without a plan is just a wish. Financial goals give your saving purpose.

A STORY ABOUT MONEY

Aisha wanted three things: a skateboard (\$80), summer camp (\$200), and college savings. 'You can have all of them,' said Dad, 'but not all at once. That is why we set goals with timelines.' Aisha learned to be patient and plan ahead.

THE LESSON

Financial goals are things you want to buy or achieve with money.

Short-term goals might take a few weeks (like buying a book). Medium-term goals take months (like buying a bike). Long-term goals take years (like saving for college). Writing down your goals and tracking progress makes you much more likely to achieve them.

CHAPTER 8 ACTIVITIES

Activity 1:

Write 3 financial goals: short, medium, and long-term

Activity 2:

Calculate how long each goal will take to reach

Activity 3:

Make a visual tracker for your biggest goal

QUIZ TIME!

A medium-term financial goal might take: A) 1 week B) A few months C) 10 years

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 9

Giving & Generosity

Being generous with money is one of the most rewarding things you can do.

A STORY ABOUT MONEY

When Tyler saw kids at school who couldn't afford lunch, something changed inside. Tyler started putting 20% of all money into a GIVE jar. After a few months, Tyler donated \$30 to the school lunch fund. It felt better than buying any toy!

THE LESSON

Giving money to help others isn't just nice - it actually makes you happier! Scientists have proven that generous people are healthier and more satisfied with life. You can give to charities, help people in need, or support causes you care about. Even small amounts make a difference when many people give together.

CHAPTER 9 ACTIVITIES

Activity 1:

Research 3 charities that help kids

Activity 2:

Plan a fundraiser for a cause you care about

Activity 3:

Put money in your GIVE jar and choose where to donate it

QUIZ TIME!

Why is giving good for YOU? A) It makes you famous B) It makes you happier C) People owe you

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 10

Smart Spending Decisions

Being smart with money isn't about never spending - it's about spending wisely.

A STORY ABOUT MONEY

Priya almost bought a \$30 t-shirt just because friends had it. Then Priya remembered the 24-hour rule: wait one day. The next day, Priya didn't even want it anymore! That \$30 went straight into savings instead.

THE LESSON

Before buying something, ask yourself these questions: Do I really need this? Will I still want it next week? Can I find it cheaper somewhere else? Am I buying it because my friends have it? The 24-hour rule is powerful: wait a full day before buying something you want. If you still want it tomorrow, it might be worth it.

CHAPTER 10 ACTIVITIES

Activity 1:

Use the 24-hour rule on your next purchase

Activity 2:

Compare prices of something you want at 3 stores

Activity 3:

Make a pros and cons list before a big purchase

QUIZ TIME!

The 24-hour rule means: A) Buy it within 24 hours B) Wait 24 hours before buying C) Return it in 24 hours

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 11

Entrepreneurship for Kids

An entrepreneur is someone who starts a business to solve a problem and earn money.

A STORY ABOUT MONEY

At age 11, Noah started a dog-walking business. It began with one neighbor's dog. Within a month, Noah had 4 regular clients earning \$40/week! 'I'm an entrepreneur!' Noah said proudly. And it all started with solving one simple problem.

THE LESSON

You're never too young to be an entrepreneur! Kids all over the world have started successful businesses. The key is finding a problem and creating a solution people will pay for. It could be as simple as a lemonade stand or as creative as making and selling crafts online. Every big business started with just one idea.

CHAPTER 11 ACTIVITIES

Activity 1:

Brainstorm 5 business ideas you could start

Activity 2:

Create a simple business plan for your best idea

Activity 3:

Interview a business owner about how they started

QUIZ TIME!

An entrepreneur: A) Works for someone else B) Starts their own business C) Only adults can be one

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

CHAPTER 12

Building Wealth Habits

The habits you build now with money will shape your entire financial future.

A STORY ABOUT MONEY

Zoe made a promise: 'Every single week, I will save something - even if it's just one dollar.' One year later, Zoe had \$200 saved. 'Small actions, done consistently, lead to big results,' Zoe wrote in a journal. The wealth-building habit was set for life.

THE LESSON

Wealthy people aren't just lucky - they have specific habits. They save before they spend. They invest their money so it grows. They avoid debt whenever possible. They keep learning about money. And they start young! By building these habits now, you're giving yourself a huge advantage. Even small, consistent actions lead to big results over time.

CHAPTER 12 ACTIVITIES

Activity 1:

Write your top 5 money rules

Activity 2:

Create a daily money habit you'll follow

Activity 3:

Design your Money Smart Kids certificate

QUIZ TIME!

The best time to build good money habits is: A) When you're old B) When you're rich C) Right now, when you're

MY MONEY PLAN

What I learned from this chapter: _____

One thing I will do this week: _____

My money goal for this month: _____

MONEY VOCABULARY

Budget:

A plan for how you will spend and save your money

Interest:

Money the bank pays you for keeping your money there

Deposit:

Putting money INTO your bank account

Withdrawal:

Taking money OUT of your bank account

Entrepreneur:

Someone who starts their own business

Investment:

Using money to make more money over time

Debt:

Money you owe to someone else

Income:

Money you earn or receive

Expense:

Money you spend

Profit:

Money earned after subtracting costs

30-DAY SAVINGS CHALLENGE

Save a little each day and watch it grow!

Week 1:

Day 1: Amount saved \$_____ | Running total: \$_____

Day 2: Amount saved \$_____ | Running total: \$_____

Day 3: Amount saved \$_____ | Running total: \$_____

Day 4: Amount saved \$_____ | Running total: \$_____

Day 5: Amount saved \$_____ | Running total: \$_____

Day 6: Amount saved \$_____ | Running total: \$_____

Day 7: Amount saved \$_____ | Running total: \$_____

Week 2:

Day 8: Amount saved \$_____ | Running total: \$_____

Day 9: Amount saved \$_____ | Running total: \$_____

Day 10: Amount saved \$_____ | Running total: \$_____

Day 11: Amount saved \$_____ | Running total: \$_____

Day 12: Amount saved \$_____ | Running total: \$_____

Day 13: Amount saved \$_____ | Running total: \$_____

Day 14: Amount saved \$_____ | Running total: \$_____

Week 3:

Day 15: Amount saved \$_____ | Running total: \$_____

Day 16: Amount saved \$_____ | Running total: \$_____

Day 17: Amount saved \$_____ | Running total: \$_____

Day 18: Amount saved \$_____ | Running total: \$_____

Day 19: Amount saved \$_____ | Running total: \$_____

Day 20: Amount saved \$_____ | Running total: \$_____

Day 21: Amount saved \$_____ | Running total: \$_____

Week 4:

Day 22: Amount saved \$_____ | Running total: \$_____

Day 23: Amount saved \$_____ | Running total: \$_____

Day 24: Amount saved \$_____ | Running total: \$_____

Day 25: Amount saved \$_____ | Running total: \$_____

Day 26: Amount saved \$_____ | Running total: \$_____

Day 27: Amount saved \$_____ | Running total: \$_____

CREATIVE SPACE: MONEY

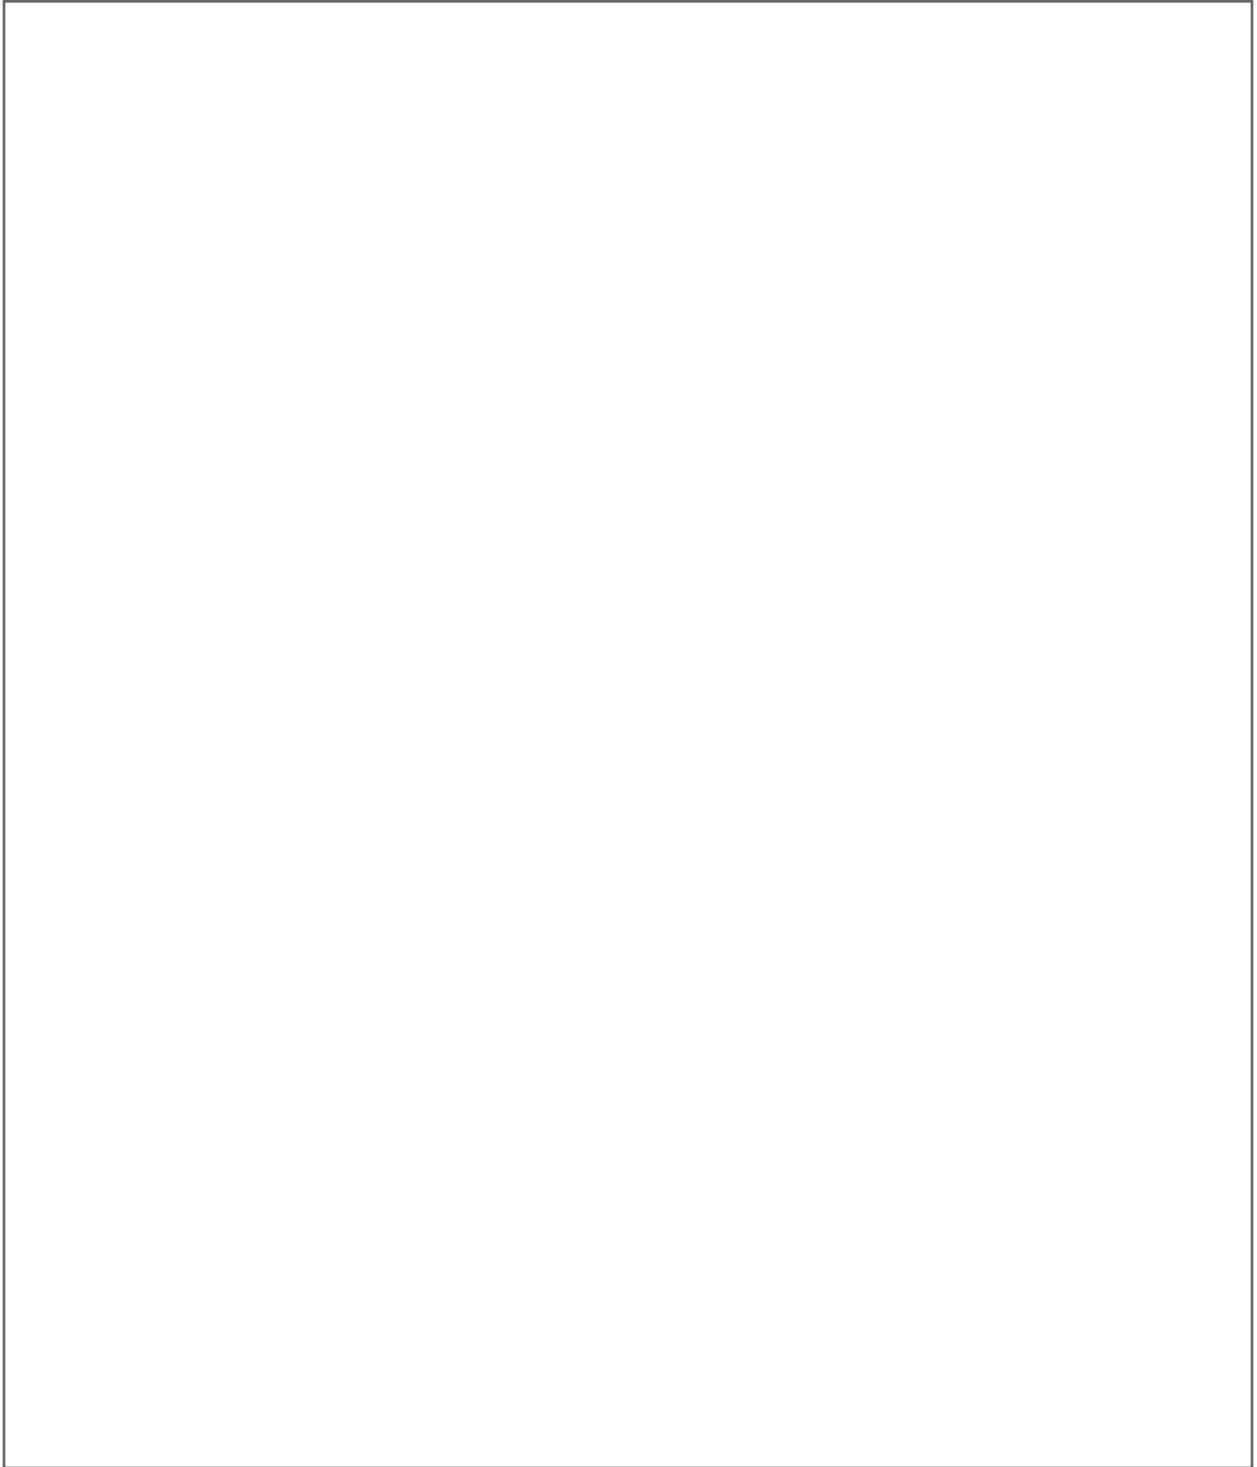

Draw what you learned today

A large, empty rectangular box with a thin black border, occupying the central portion of the page. It is intended for a student to draw or write their response to the prompt above it.

Use this space for drawing, writing, or brainstorming!

CREATIVE SPACE: MONEY

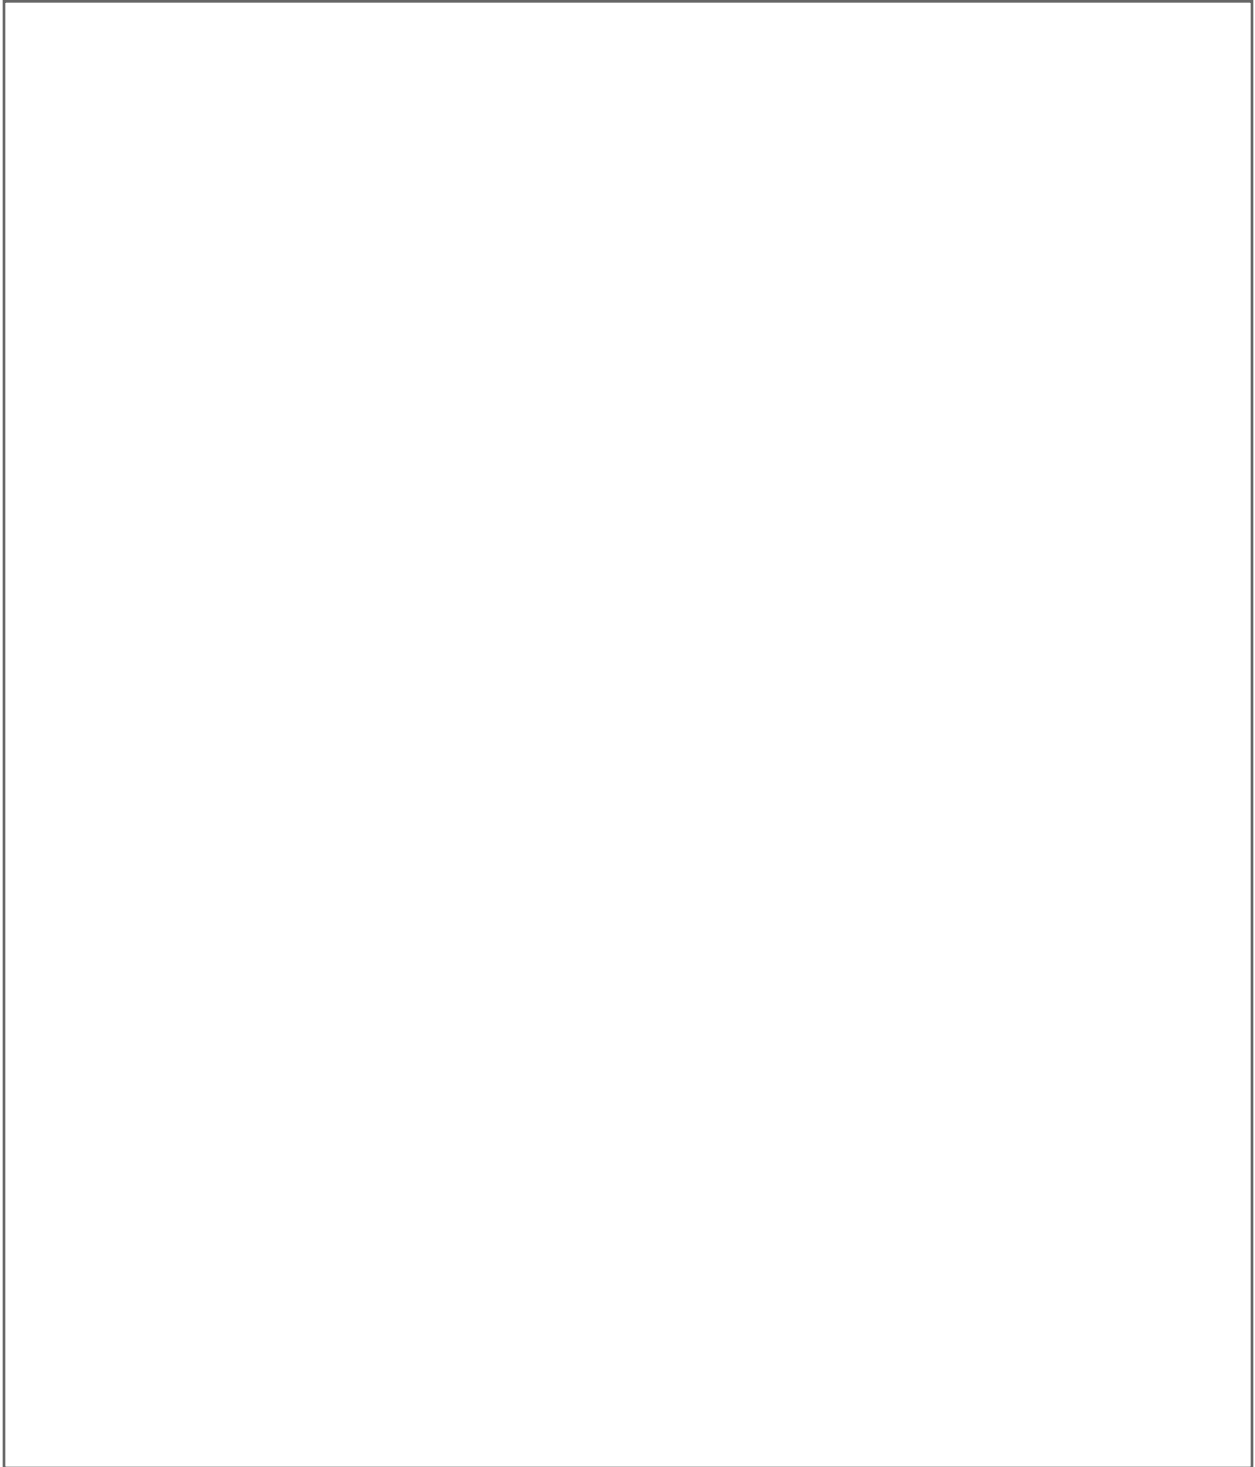

Illustrate your favorite concept

A large, empty rectangular box with a thin black border, intended for drawing, writing, or brainstorming. It occupies the central portion of the page, below the title and instructions, and above the final instruction.

Use this space for drawing, writing, or brainstorming!

CREATIVE SPACE: MONEY

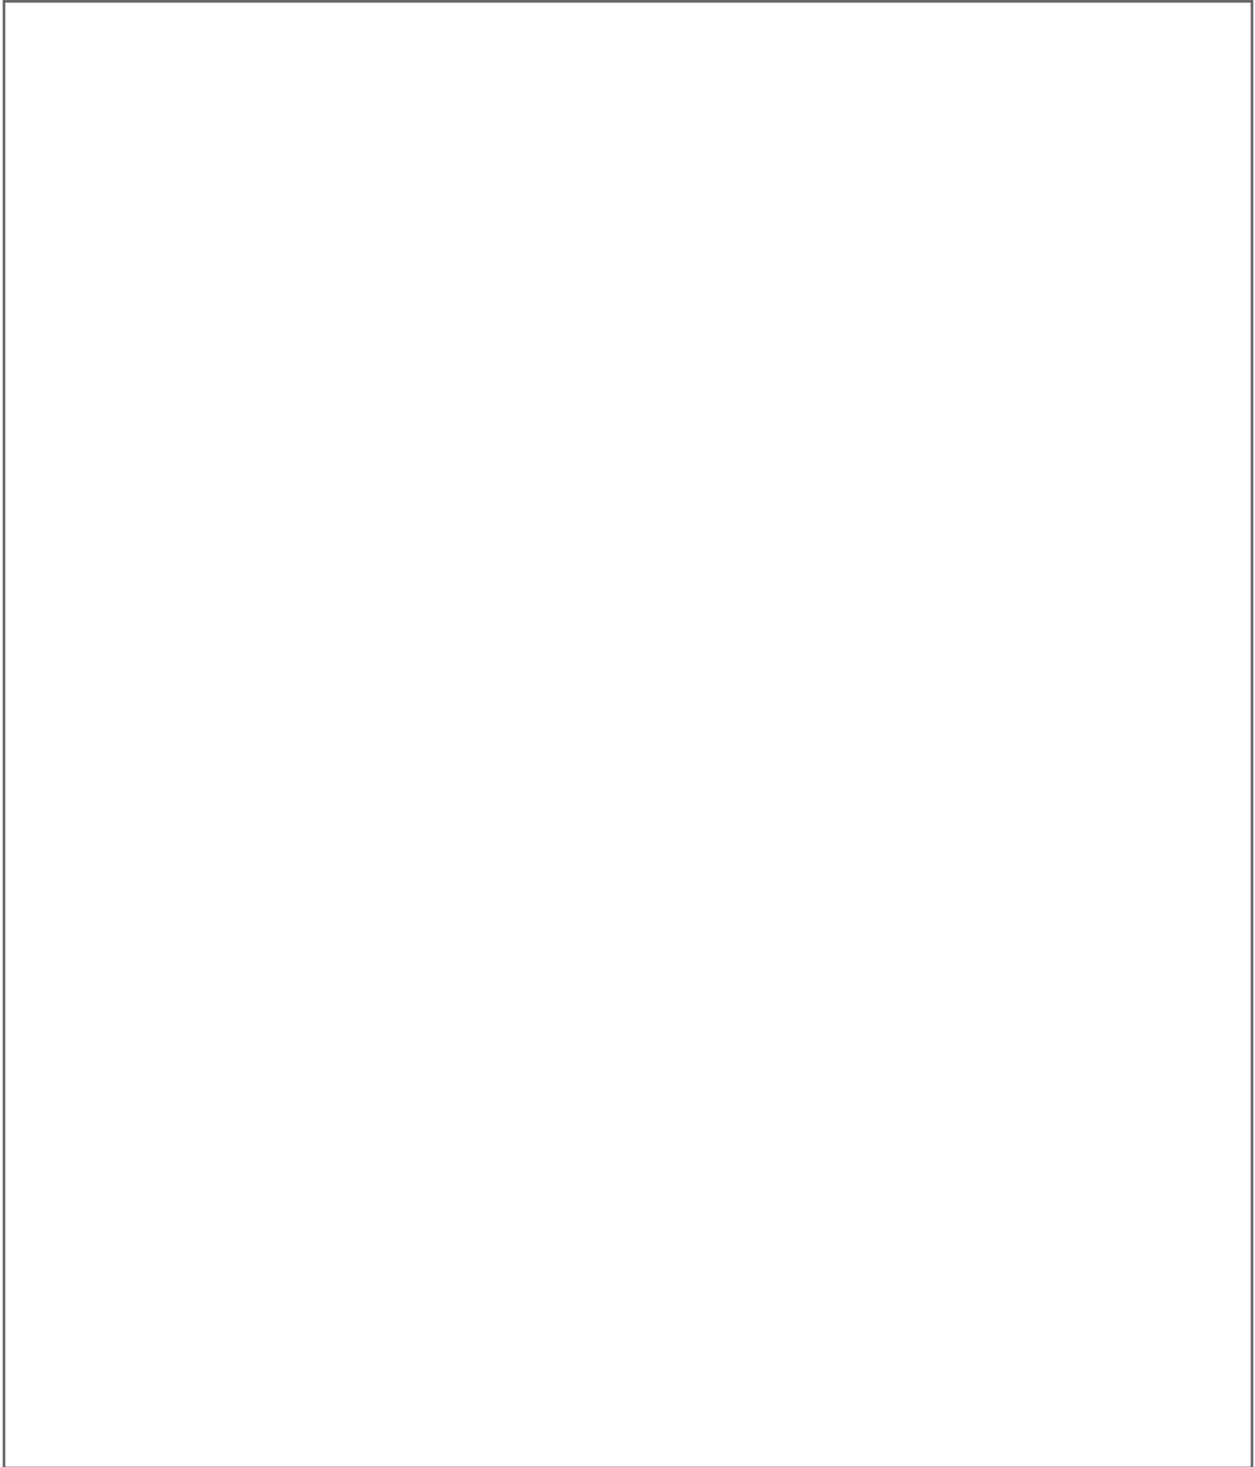

Create a visual summary of this chapter

A large, empty rectangular box with a thin black border, intended for a visual summary, drawing, or brainstorming activity.

Use this space for drawing, writing, or brainstorming!

CREATIVE SPACE: MONEY

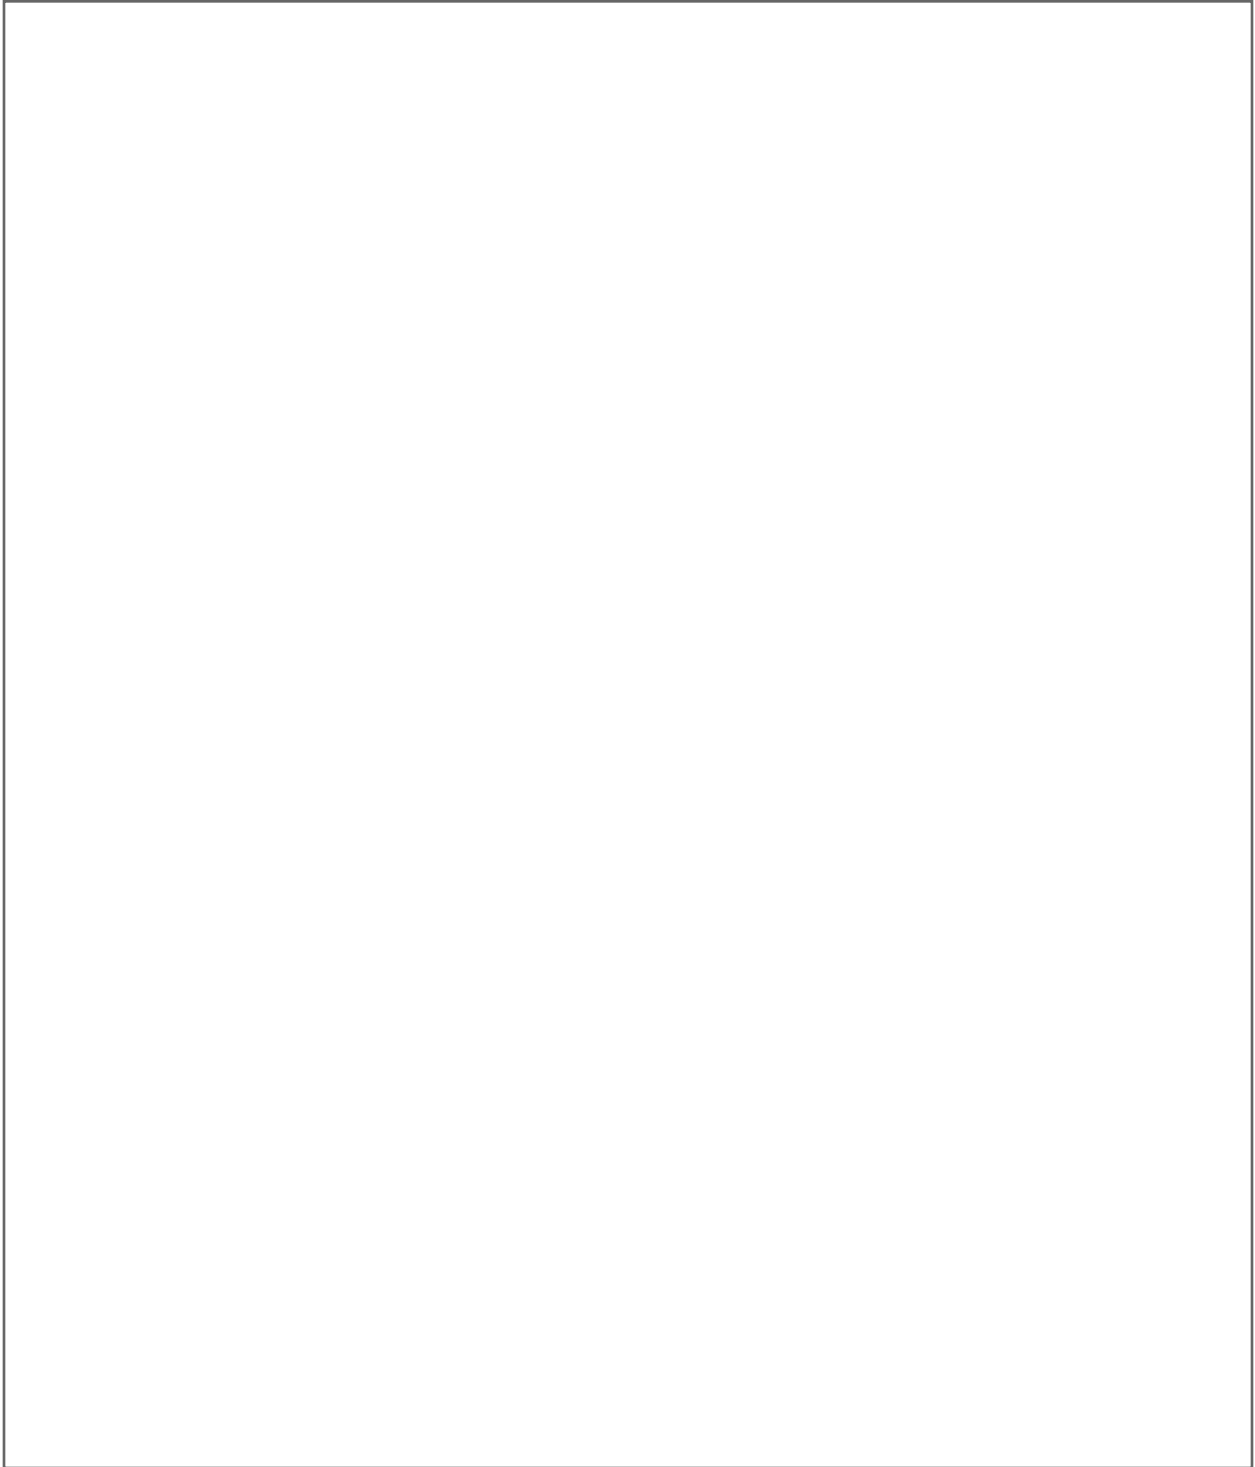

Draw yourself using this knowledge

A large, empty rectangular box with a thin black border, occupying the central portion of the page. It is intended for drawing, writing, or brainstorming related to the topic of money.

Use this space for drawing, writing, or brainstorming!

CREATIVE SPACE: MONEY

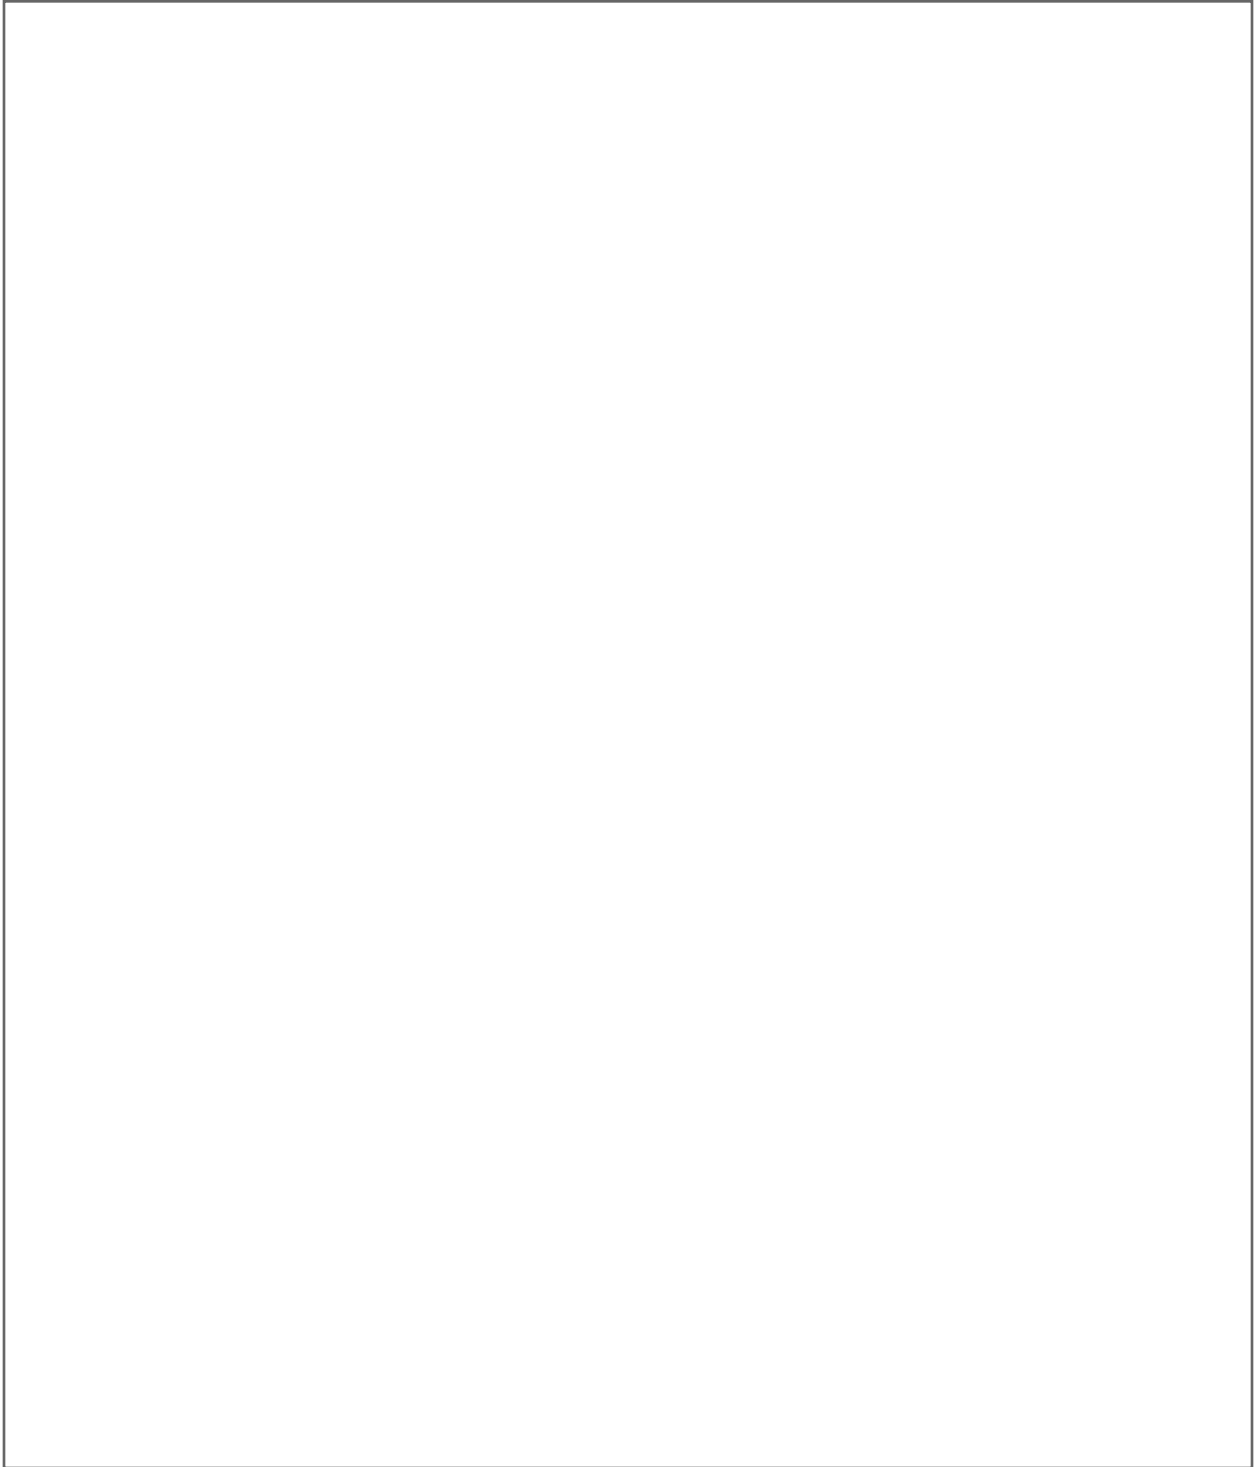

Design a symbol that represents this topic

A large, empty rectangular box with a thin black border, intended for a student to draw or write a symbol representing the topic of money.

Use this space for drawing, writing, or brainstorming!

CREATIVE SPACE: MONEY

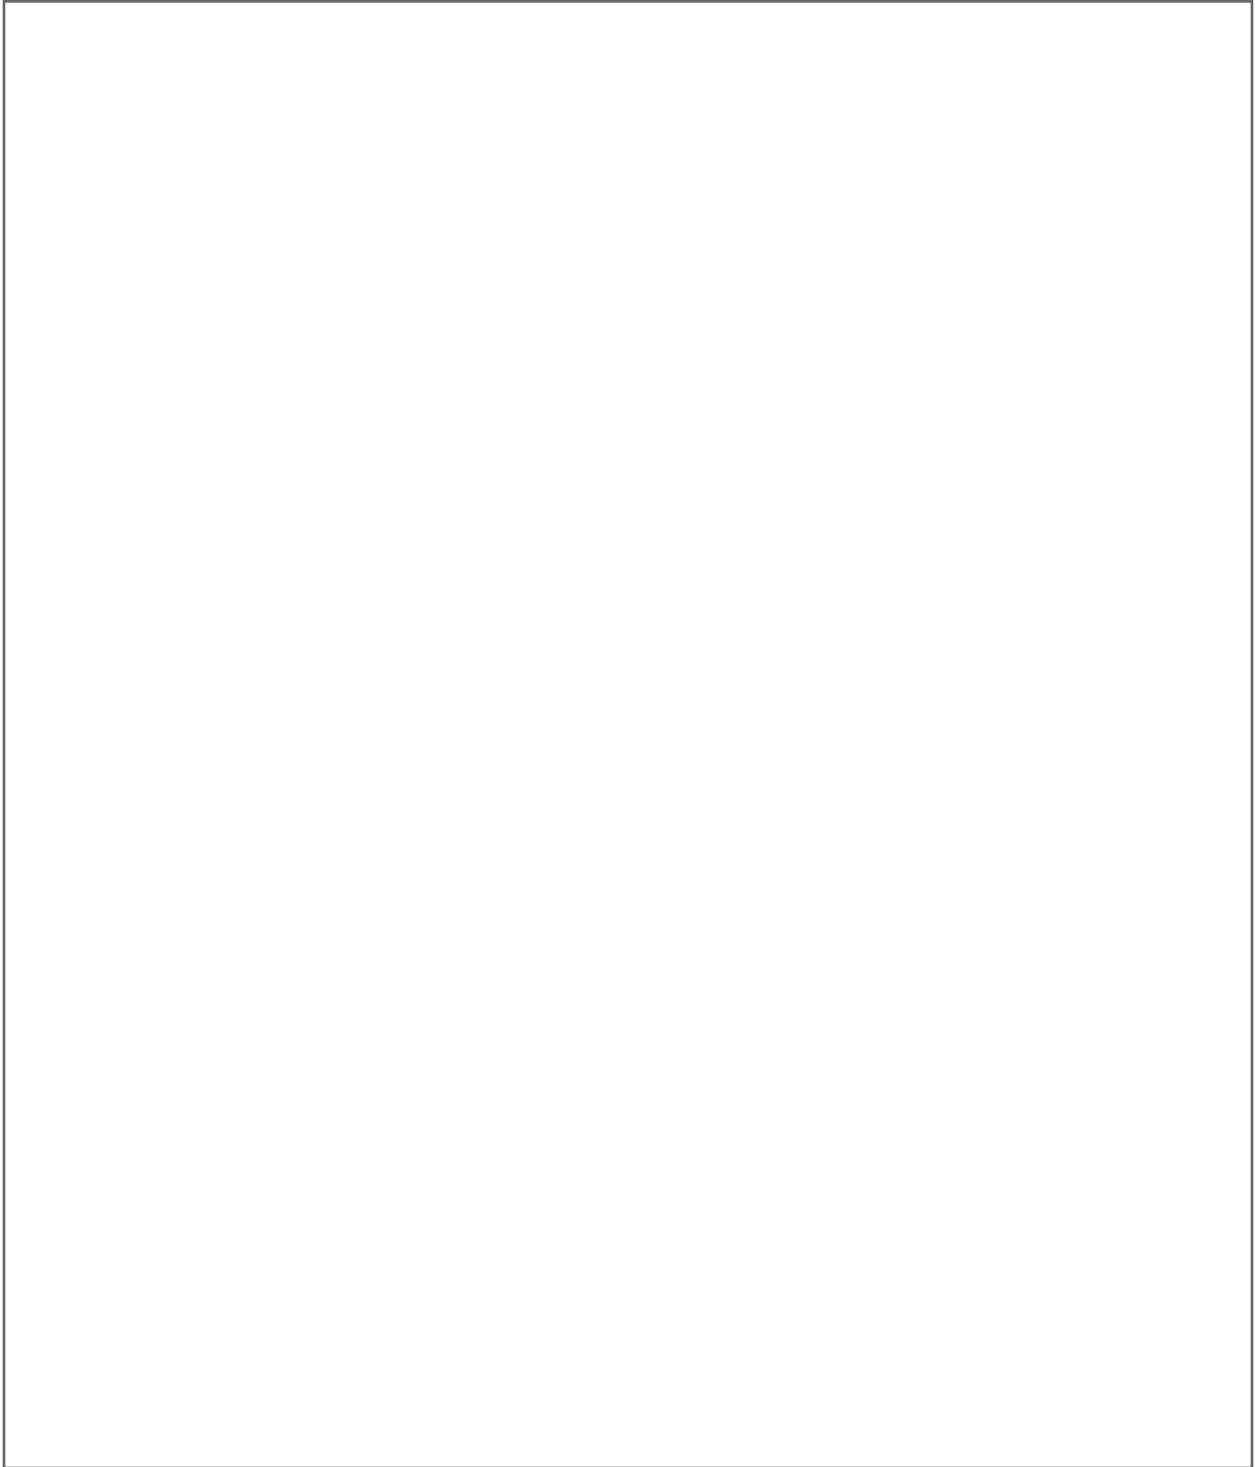

Sketch your goals

A large, empty rectangular box with a thin black border, occupying the central portion of the page. It is intended for sketching goals, as indicated by the text above it.

Use this space for drawing, writing, or brainstorming!

CREATIVE SPACE: MONEY

Illustrate a story from this book

A large, empty rectangular box with a thin black border, occupying the central portion of the page. It is intended for a student to draw, write, or brainstorm a story related to the book 'Money'.

Use this space for drawing, writing, or brainstorming!
