30-Day Eco-Challenge Tracker

My Environmental Pledge

CLIMATE CHANGE EXPLAINED (Simply!)

Earth is getting warmer because of gases (like CO₂) we put in the air by burning fossil fuels (coal, oil, gas). These gases act like a blanket, trapping heat. This causes ice to melt, seas to rise, and weather to become more extreme. The good news? WE can fix this! Every action matters. Small changes by millions of people create HUGE impact. You are not too young to make a difference - in fact, YOUR generation may be the one that saves the planet!

REDUCE WASTE

Actions 1-10

ACTION #1

Use a Reusable Water Bottle

WHY IT MATTERS:

Plastic bottles take 450 years to decompose. Using a reusable bottle saves ~167 plastic bottles per person per year!

HOW TO DO IT:

Fill a reusable bottle each morning instead of buying plastic ones.

YOUR IMPACT:

Saves 167 bottles/year from landfills per person

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Bring Reusable Bags Shopping

WHY IT MATTERS:

8 million tons of plastic end up in oceans yearly. Plastic bags are a major contributor. One reusable bag replaces 700 plastic bags in its lifetime!

HOW TO DO IT:

Keep reusable bags in the car or by the door.

YOUR IMPACT:

Prevents hundreds of bags from entering oceans

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Start Composting

WHY IT MATTERS:

Food waste in landfills creates methane (a greenhouse gas 80x worse than CO₂). Composting turns food scraps into rich soil instead.

HOW TO DO IT:

Set up a small compost bin for fruit/veggie scraps.

YOUR IMPACT:

Reduces methane emissions and creates free fertilizer

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

Refuse Single-Use Straws

WHY IT MATTERS:

500 million straws are used daily in the US alone. They can't be recycled and harm sea turtles and marine life.

HOW TO DO IT:

Say 'no straw please' or carry a reusable one.

YOUR IMPACT:

Protects marine life from plastic ingestion

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Fix Things Instead of Replacing

WHY IT MATTERS:

We throw away 50 million tons of electronics yearly. Many items can be repaired instead of discarded. This saves resources and money!

HOW TO DO IT:

Before throwing something away, try to repair it or find a new use.

YOUR IMPACT:

Reduces electronic waste and saves resources

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Use Both Sides of Paper

WHY IT MATTERS:

Paper production destroys forests and uses massive amounts of water and energy. Using both sides cuts paper consumption in half.

HOW TO DO IT:

Always use both sides of paper. Use scrap paper for notes.

YOUR IMPACT:

Saves trees and reduces deforestation

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Pack Waste-Free Lunches

WHY IT MATTERS:

School lunches create enormous amounts of daily trash from wrappers, bags, and disposable containers.

HOW TO DO IT:

Use reusable containers, cloth napkins, and real utensils.

YOUR IMPACT:

Eliminates hundreds of pieces of trash per year

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Donate Instead of Trash

WHY IT MATTERS:

Many items we throw away are still perfectly useful to someone else.

Donating extends the life of products.

HOW TO DO IT:

Before throwing anything away, ask: could someone else use this?

YOUR IMPACT:

Keeps usable items out of landfills

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

Buy Less Stuff

WHY IT MATTERS:

Manufacturing new products requires energy, water, and raw materials. The best waste is waste never created in the first place.

HOW TO DO IT:

Before buying, ask: Do I really NEED this? Will I use it long-term?

YOUR IMPACT:

Reduces manufacturing demand and resource extraction

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Learn to Recycle Properly

WHY IT MATTERS:

Contaminated recycling (wrong items in bins) means entire loads go to landfill. Knowing what CAN be recycled matters!

HOW TO DO IT:

Learn your local recycling rules. Clean containers before recycling.

YOUR IMPACT:

Ensures recyclables actually get recycled

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

SAVE ENERGY

Actions 11-20

Turn Off Lights

WHY IT MATTERS:

Lighting accounts for 15% of household electricity. Leaving lights on in empty rooms wastes energy produced by burning fossil fuels.

HOW TO DO IT:

Make it a habit: leave a room, flip the switch.

YOUR IMPACT:

Saves electricity and reduces carbon emissions

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

Unplug Chargers

WHY IT MATTERS:

Chargers plugged in with nothing attached still draw 'phantom' energy. This wastes billions of kilowatt-hours yearly worldwide.

HOW TO DO IT:

Unplug chargers, TVs, and devices when not in use.

YOUR IMPACT:

Eliminates phantom energy waste

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Use Natural Light

WHY IT MATTERS:

Opening curtains instead of flipping switches saves electricity AND boosts your mood (sunlight increases serotonin!).

HOW TO DO IT:

Open blinds and curtains during daytime. Work near windows.

YOUR IMPACT:

Saves electricity and improves mental health

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

Take Shorter Showers

WHY IT MATTERS:

Heating water is energy-intensive. A 5-minute shower uses 10 gallons; a 10-minute shower uses 20. Cutting back helps!

HOW TO DO IT:

Time your showers - aim for 5 minutes or less.

YOUR IMPACT:

Saves water AND the energy used to heat it

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Wash Clothes in Cold Water

WHY IT MATTERS:

90% of washing machine energy goes to heating water. Cold water cleans just as well for most loads.

HOW TO DO IT:

Ask parents to switch to cold water washes.

YOUR IMPACT:

Reduces energy use by up to 90% per load

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

Air Dry Instead of Machine Dry

WHY IT MATTERS:

Dryers use massive energy. Line-drying or rack-drying uses zero energy and makes clothes last longer.

HOW TO DO IT:

Hang clothes to dry when weather allows.

YOUR IMPACT:

Saves significant electricity per load

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Close the Fridge Quickly

WHY IT MATTERS:

Every second the fridge is open, cold air escapes and the motor must work harder. Decide what you want BEFORE opening.

HOW TO DO IT:

Know what you want before opening the fridge door.

YOUR IMPACT:

Reduces energy waste from refrigeration

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Use LED Bulbs

WHY IT MATTERS:

LED bulbs use 75% less energy than incandescent and last 25x longer.

One LED saves \$80 in electricity over its lifetime.

HOW TO DO IT:

Help parents switch all bulbs to LED.

YOUR IMPACT:

Dramatic electricity savings with better light

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

Walk or Bike Short Distances

WHY IT MATTERS:

Cars produce the most CO₂ per person per mile for short trips.

Walking or biking produces zero emissions and keeps you healthy.

HOW TO DO IT:

For trips under 1 mile, walk or bike instead of driving.

YOUR IMPACT:

Zero emissions plus free exercise

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Plant a Tree

WHY IT MATTERS:

One tree absorbs about 48 pounds of CO₂ per year and produces enough oxygen for 2 people. Trees also cool surrounding areas.

HOW TO DO IT:

Plant a tree in your yard or participate in a tree-planting event.

YOUR IMPACT:

Absorbs CO₂, produces oxygen, provides shade

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

PROTECT WATER

Actions 21-30

Turn Off Tap While Brushing

WHY IT MATTERS:

Leaving the tap running while brushing wastes 4 gallons per session.

That's 2,920 gallons per person per year!

HOW TO DO IT:

Wet brush, turn off water, brush, turn on to rinse.

YOUR IMPACT:

Saves nearly 3,000 gallons per person per year

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Fix Dripping Faucets

WHY IT MATTERS:

One dripping faucet wastes over 3,000 gallons per year! That's enough water for 180 showers.

HOW TO DO IT:

Tell parents about any dripping faucets in your home.

YOUR IMPACT:

Prevents thousands of gallons of waste

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Use a Rain Barrel

WHY IT MATTERS:

Collecting rainwater for gardens reduces demand on treated water supplies. One rain barrel can save 1,300 gallons per year.

HOW TO DO IT:

Help set up a rain barrel to collect water for the garden.

YOUR IMPACT:

Saves treated water for actual drinking/bathing needs

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Don't Pour Chemicals Down Drains

WHY IT MATTERS:

Paints, oils, and cleaners pollute waterways. Storm drains go directly to rivers and oceans without treatment.

HOW TO DO IT:

Dispose of chemicals properly at designated facilities.

YOUR IMPACT:

Prevents water pollution in rivers and oceans

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

Take Navy Showers

WHY IT MATTERS:

Navy showers: wet down, turn off water, soap up, turn on to rinse.

Uses 3 gallons vs 20 for a regular shower.

HOW TO DO IT:

Try the Navy shower method a few times per week.

YOUR IMPACT:

Saves up to 85% of shower water

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Water Gardens in Early Morning

WHY IT MATTERS:

Watering midday means much water evaporates before reaching roots.

Early morning watering is 25% more efficient.

HOW TO DO IT:

Water plants before 10 AM or after 6 PM.

YOUR IMPACT:

Reduces water waste from evaporation

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Use a Dishwasher (Full Loads)

WHY IT MATTERS:

Full dishwashers actually use LESS water than hand-washing. But only run when completely full for maximum efficiency.

HOW TO DO IT:

Wait until dishwasher is full before running it.

YOUR IMPACT:

Uses less water than hand-washing when full

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Report Water Pollution

WHY IT MATTERS:

If you see pollution in local water, report it! Oil, trash, and chemicals in streams harm entire ecosystems.

HOW TO DO IT:

Learn who to call about water pollution in your area.

YOUR IMPACT:

Protects local waterways and wildlife

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Learn Where Your Water Comes From

WHY IT MATTERS:

Understanding your water source creates connection and responsibility. Is it a river, lake, aquifer, or reservoir?

HOW TO DO IT:

Research: where does YOUR tap water come from?

YOUR IMPACT:

Knowledge creates appreciation and motivation to conserve

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Reduce Meat Consumption

WHY IT MATTERS:

Producing 1 pound of beef requires 1,800 gallons of water! Even one meat-free day per week makes a huge difference.

HOW TO DO IT:

Try 'Meatless Monday' - one day per week without meat.

YOUR IMPACT:

Saves thousands of gallons of water per year

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

HELP ANIMALS

Actions 31-40

Build a Bird Feeder

WHY IT MATTERS:

Habitat loss means birds struggle to find food, especially in winter. A simple feeder can support dozens of birds.

HOW TO DO IT:

Make a bird feeder from a pine cone, peanut butter, and seeds.

YOUR IMPACT:

Provides vital nutrition for local bird populations

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Don't Use Pesticides

WHY IT MATTERS:

Pesticides kill 'pest' insects but also kill bees, butterflies, and beneficial insects that pollinate our food crops.

HOW TO DO IT:

Encourage chemical-free gardening. Use natural pest control.

YOUR IMPACT:

Protects pollinators that grow 75% of our food

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Keep Cats Indoors

WHY IT MATTERS:

Outdoor cats kill an estimated 2.4 BILLION birds per year in the US alone. Indoor cats live longer and safer lives too.

HOW TO DO IT:

If you have a cat, keep it indoors or build a 'catio.'

YOUR IMPACT:

Protects billions of birds and small wildlife

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

☐ I completed this action! Date: _____

Reduce Balloon Releases

WHY IT MATTERS:

Released balloons travel hundreds of miles then fall as litter.

Marine animals mistake them for food and die.

HOW TO DO IT:

Never release balloons outdoors. Use bubbles instead!

YOUR IMPACT:

Prevents wildlife from ingesting deadly balloon litter

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Create Wildlife Habitat

WHY IT MATTERS:

Simple things like brush piles, native plants, and water sources create homes for insects, birds, and small mammals.

HOW TO DO IT:

Create a small wildlife-friendly area in your yard.

YOUR IMPACT:

Provides shelter and food for local wildlife

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Participate in Citizen Science

WHY IT MATTERS:

Apps like iNaturalist let you document wildlife sightings.

Scientists use this data to track species and identify problems.

HOW TO DO IT:

Download a nature ID app and document wildlife you see.

YOUR IMPACT:

Contributes real scientific data for conservation

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Don't Buy Wild Animals as Pets

WHY IT MATTERS:

The exotic pet trade captures millions of animals from the wild.

Many die during transport. Adopt, don't shop!

HOW TO DO IT:

Choose domestic pets. Never buy wild-caught animals.

YOUR IMPACT:

Reduces demand for wildlife trafficking

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Cut Plastic Rings

WHY IT MATTERS:

Six-pack rings and other plastic loops strangle birds, turtles, and marine mammals. Always cut them before disposing.

HOW TO DO IT:

Cut ALL loops in plastic packaging before throwing away.

YOUR IMPACT:

Prevents entanglement injuries and deaths

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Support Local Wildlife Rescues

WHY IT MATTERS:

Wildlife rehabilitation centers care for injured animals and release them back to nature. They need volunteers and donations.

HOW TO DO IT:

Visit or volunteer at a local wildlife rescue center.

YOUR IMPACT:

Helps injured animals recover and return to the wild

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Learn About Endangered Species

WHY IT MATTERS:

There are over 40,000 species threatened with extinction. Knowledge creates empathy and action.

HOW TO DO IT:

Research 5 endangered species. What threatens them? How can you help?

YOUR IMPACT:

Awareness leads to action and conservation support

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

SPREAD AWARENESS

Actions 41-50

Start an Eco-Club at School

WHY IT MATTERS:

Organized groups have more impact than individuals. A school eco-club can implement changes across the whole school.

HOW TO DO IT:

Gather friends and start an environmental club at school.

YOUR IMPACT:

Multiplies impact through group action

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Make Educational Posters

WHY IT MATTERS:

Visual reminders help everyone remember to be eco-friendly. Place posters near light switches, trash cans, and faucets.

HOW TO DO IT:

Create and display environmental reminder posters at school/home.

YOUR IMPACT:

Constant visual reminders change daily habits

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Write to Local Leaders

WHY IT MATTERS:

Politicians respond to constituent concerns. A thoughtful letter from a kid can be especially powerful and moving.

HOW TO DO IT:

Write a letter to your mayor about an environmental issue.

YOUR IMPACT:

Influences policy decisions at the local level

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Share on Social Media

WHY IT MATTERS:

Social media reaches thousands instantly. Sharing environmental facts and tips spreads awareness exponentially.

HOW TO DO IT:

Share one environmental fact or tip on social media weekly.

YOUR IMPACT:

Reaches peers and amplifies the message

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Organize a Community Cleanup

WHY IT MATTERS:

Visible action inspires others. Community cleanups beautify areas
AND raise awareness about littering and waste.

HOW TO DO IT:

Organize a park or beach cleanup with friends and family.

YOUR IMPACT:

Beautifies community and inspires others to care

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Teach Younger Kids

WHY IT MATTERS:

Kids teaching kids is powerful. Younger children look up to older ones and absorb their values.

HOW TO DO IT:

Teach younger siblings or neighbors one eco-friendly habit.

YOUR IMPACT:

Creates environmental awareness in the next generation

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Watch and Share Documentaries

WHY IT MATTERS:

Films about nature and environment create emotional connection.

Recommend ones that moved you.

HOW TO DO IT:

Watch an environmental documentary and discuss it with family.

YOUR IMPACT:

Creates emotional investment in environmental protection

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Calculate Your Carbon Footprint

WHY IT MATTERS:

Online calculators show your personal environmental impact. Knowing your footprint helps you reduce it strategically.

HOW TO DO IT:

Use an online calculator to measure your family's carbon footprint.

YOUR IMPACT:

Creates awareness of personal impact and reduction targets

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Support Eco-Friendly Businesses

WHY IT MATTERS:

Where you spend money is a vote. Supporting green businesses encourages more businesses to be sustainable.

HOW TO DO IT:

Research which brands are environmentally responsible. Choose them.

YOUR IMPACT:

Market pressure pushes all businesses toward sustainability

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!

[] I completed this action! Date: _____

Make a Family Green Pledge

WHY IT MATTERS:

Committing together as a family creates accountability and makes changes stick. Written pledges are more effective.

HOW TO DO IT:

Create a family environmental pledge with specific commitments.

YOUR IMPACT:

Whole-family commitment amplifies individual actions

FAMILY CHALLENGE:

Get your whole family to try this for one week. Track results!
