# UNDERSTANDING CARB COUNTING

---

## WHY COUNT CARBS?

Carbohydrates have the biggest impact on blood sugar.

Counting helps you match insulin/medication to food intake.

## 1 CARB SERVING = 15 grams of carbohydrates

### COMMON PORTIONS (each = ~15g carbs):

- 1 slice bread
- 1/3 cup rice or pasta
- 1 small fruit
- 1/2 cup oatmeal
- 3/4 cup dry cereal
- 1/2 cup beans
- 1 small potato
- 1 cup milk
- 1/2 cup juice

### MY DAILY CARB TARGET (from my doctor):

Breakfast: \_\_\_\_\_g   Lunch: \_\_\_\_\_g   Dinner: \_\_\_\_\_g   Snacks: \_\_\_\_\_g

**Total daily carbs:** \_\_\_\_\_g

# THE PLATE METHOD

---

A simple way to build balanced meals:

**Use a 9-inch plate and divide it:**

1/2 plate = Non-starchy vegetables

(broccoli, salad, green beans, peppers)

1/4 plate = Lean protein

(chicken, fish, tofu, eggs)

1/4 plate = Carbohydrates/starch

(rice, potato, bread, pasta)

+ Water or zero-calorie drink

**TIPS:**

- Eat at regular times each day
- Don't skip meals
- Include protein with every meal/snack to slow carb absorption
- Choose whole grains over refined grains
- Pair carbs with fiber, protein, or healthy fat

## WEEKLY MEAL PLAN - WEEK 1

|  |  |
|  |  |

## OTHER

[illegible]

## LOW-GLYCEMIC FOOD REFERENCE

---

### **LOW GI (55 or less) - Best choices:**

- Most fruits (berries, apples, pears)
- Non-starchy vegetables
- Steel-cut oats
- Sweet potatoes
- Legumes/beans
- Whole grain bread
- Quinoa
- Nuts and seeds

### **MEDIUM GI (56-69) - In moderation:**

- Brown rice
- Whole wheat pasta
- Banana
- Raisins
- Corn

### **HIGH GI (70+) - Limit or pair with protein:**

- White bread
- White rice
- Potatoes
- Watermelon
- Sugary cereals
- Soda/juice

# EATING OUT GUIDE

---

## **Restaurant strategies for blood sugar control:**

- Look at the menu online beforehand and plan your order
- Ask for sauces/dressings on the side
- Choose grilled over fried
- Sub extra vegetables for starchy sides
- Share a dessert instead of having a whole one
- Drink water instead of sweetened beverages
- Don't arrive starving - have a small protein snack before
- Ask how food is prepared (hidden sugars in sauces!)
- Take half home - restaurant portions are usually 2x a serving

## **FAST FOOD SWAPS:**

- Burger with bun -> Lettuce wrap or half the bun
- French fries -> Side salad or apple slices
- Regular soda -> Water, diet soda, or unsweetened tea
- Large combo -> Smallest size, no combo

## SNACK IDEAS UNDER 15g CARBS

---

|                                      |      |
|--------------------------------------|------|
| Cheese stick + 5 crackers            | ~12g |
| 1/4 cup almonds                      | ~6g  |
| Celery + 2 tbsp peanut butter        | ~7g  |
| Hard boiled egg                      | ~1g  |
| 1/2 cup cottage cheese + berries     | ~10g |
| 10 baby carrots + hummus             | ~12g |
| Turkey roll-ups (deli meat + cheese) | ~2g  |
| 1 small apple + 1 tbsp almond butter | ~14g |
| Sugar-free jello + whipped cream     | ~3g  |
| 1/4 cup sunflower seeds              | ~5g  |
| Cucumber + cream cheese              | ~4g  |
| 1/2 cup edamame                      | ~7g  |
| Greek yogurt (plain, 1/2 cup)        | ~5g  |
| Handful of olives                    | ~2g  |
| Beef or turkey jerky (1 oz)          | ~3g  |
| Dill pickles (unlimited!)            | ~1g  |
