

SIGHT WORDS PRACTICE WORKBOOK

100 Essential Words for Kindergarten

Trace, Write, Read, and Find!

By Daniel Tesfamariam

SIGHT WORDS PRACTICE WORKBOOK

HOW TO USE THIS BOOK

Dear Parents and Teachers,

This workbook contains 100 of the most common sight words that kindergartners need to learn. Sight words are words that appear so frequently in reading that children should recognize them instantly.

EACH WORD INCLUDES:

- The word printed in large, clear font
- Dotted letters to trace (builds muscle memory)
- Lines to write the word 3 times independently
- A fill-in-the-blank sentence using the word
- A small word search to find the word (builds recognition)

TIPS FOR SUCCESS:

- Work on 2-4 words per day (don't rush!)
- Read each word aloud before tracing
- Use a finger to trace first, then pencil
- Celebrate each word mastered!
- Review previous words regularly
- Make it fun: play games, use flashcards too

The 100 words in this book cover approximately 50% of all words your child will encounter in early reading materials. Mastering these words builds reading confidence and fluency!

Happy learning!

THE

Trace: the the the

Write it 3 times: _____
