This planner was designed with ADHD brains in mind.

Low executive function days are valid. Use what works, skip what doesn't.

HOW TO USE THIS PLANNER:

- There is no wrong way. Messy is fine.
- Each page is ONE day. No weekly spreads to forget.
- The 'ONE must-do' is your anchor. Everything else is bonus.
- The dopamine menu is your reward system. Use it shamelessly.
- Brain dump zone = get it out of your head, deal with it later.
