HOW TO PLAY KAKURO

Kakuro is a number crossword puzzle:

1. Fill white cells with digits 1-9.
2. Numbers in each run must add up to the clue number.
3. No digit can repeat within a single run.
4. A 'run' is a group of consecutive white cells (across or down).

Reading the Clues:

- Dark cells contain clue numbers with a diagonal line.
- The number ABOVE the diagonal = sum for the column below.
- The number BELOW the diagonal = sum for the row to the right.

Difficulty: EASY (6x6 and 7x7 grids)

Puzzle #1

(6x6 Grid)

		16	13		23
	23 17			24 4
