TABLE OF CONTENTS

Day 1: Light!

Day 2: Sky and Water!

Day 3: Land and Plants!

Day 4: Sun, Moon, and Stars!

Day 5: Fish and Birds!

Day 6: Animals and People!

Day 7: God Rested!

Quiz / Vocabulary / Journal / Certificate / Bonus

HOW TO USE THIS BOOK

Have you ever wondered HOW God created everything?

This book explores each of the 7 days of creation!

Each day has NINE exciting pages:

- 1-2. The creation story told poetically
3. Full-page illustration
4. REAL science connections!
5. Activity page
6. Coloring/drawing page
7. Gratitude list
8. Memory verse page
9. Discussion questions

Plus quizzes, vocabulary, journal, and bonus pages!

Ready to explore how God made EVERYTHING? Let's go!

Day 1 of Creation

LIGHT!

Before anything existed, there was only darkness - deep, total, complete darkness everywhere. No sun, no stars, no glow of any kind. The earth was empty and formless, covered in endless dark waters. But God was there, and His Spirit hovered over the surface of the deep. Then God spoke the most powerful words ever uttered in all of eternity.

God said, 'Let there be light,' and there was light. - Genesis 1:3 (WEB)

Day 1: Light! (continued)

GOD SAID, 'LET THERE BE LIGHT!' And instantly - BANG! - brilliant, glorious, radiant light burst into existence! For the very first time, light pushed back the darkness. It was the first sunrise that ever was! God looked at the light and saw that it was good. He separated the light from the darkness, calling the light 'Day' and the darkness 'Night.' Evening came, then morning. The first day was complete.

SCIENCE CONNECTION - Day 1

Did you know? God's creation is even MORE amazing
when we learn the science behind it!

AMAZING SCIENCE FACTS:

Light travels at 186,000 miles per SECOND! That means it could circle the Earth 7.5 times in just one second. Scientists say light is both a wave and a particle at the same time!

Questions to think about:

1. How does this science fact make you appreciate God more?

2. What other science facts do you know about Day 1?

ACTIVITY PAGE - Day 1

My favorite thing God created on this day:

GRATITUDE LIST - Day 1

Things from Day 1 I am thankful for:

Thank you God for: Sunshine, Flashlights, Stars, Rainbows, Colors!

Add your own! What else are you thankful for from Day 1?

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____

MEMORY VERSE - Day 1

Today's Verse:

God said, 'Let there be light,' and there was light. - Genesis 1:3 (WEB)

Write the verse 3 times to help memorize it:

#1: _____

#2: _____

#3: _____

Now try writing it from MEMORY:

DISCUSSION - Day 1

Talk about these questions with your family:

1. Why do you think God created light on Day 1?

2. What is the most amazing thing about what God made this day?

3. How does this part of creation help us in our daily lives?

4. What would the world be like without what God made on this day?

Day 2 of Creation

SKY AND WATER!

On the second day, God looked at all the water that covered everything and had a magnificent plan. He needed to create space - room for air, clouds, and the beautiful blue sky. God spoke again with creative power: 'Let there be an expanse in the middle of the waters, and let it separate the waters from the waters!'

God made the expanse, and separated the waters. - Genesis 1:7 (WEB)

Day 2: Sky and Water! (continued)

The waters obeyed their Creator's voice! Some water stayed below, forming the vast oceans, seas, and rivers. Other water rose up above, forming clouds full of rain and moisture. Between them God stretched out the magnificent sky - the expanse we call the atmosphere. Miles and miles of breathable air, perfect for the creatures He would soon create. God called this expanse 'Heaven.' The second day was complete!

[ILLUSTRATION: Day 2 - Sky and Water!
Beautiful detailed scene of what God created]

DAY 2: SKY AND WATER!

[FULL-PAGE ILLUSTRATION: Day 2
God creates sky and water
in magnificent, colorful detail]

SCIENCE CONNECTION - Day 2

Did you know? God's creation is even MORE amazing
when we learn the science behind it!

AMAZING SCIENCE FACTS:

Earth's atmosphere is about 60 miles thick and contains the perfect mix of gases for life: 78% nitrogen, 21% oxygen! Without our atmosphere, Earth would be -270 degrees at night and 250 degrees in the day!

Questions to think about:

1. How does this science fact make you appreciate God more?

2. What other science facts do you know about Day 2?

#1: _____

#2: _____

#3: _____

Now try writing it from MEMORY:

DISCUSSION - Day 2

Talk about these questions with your family:

1. Why do you think God created sky and water on Day 2?

2. What is the most amazing thing about what God made this day?

3. How does this part of creation help us in our daily lives?

4. What would the world be like without what God made on this day?

Day 3 of Creation

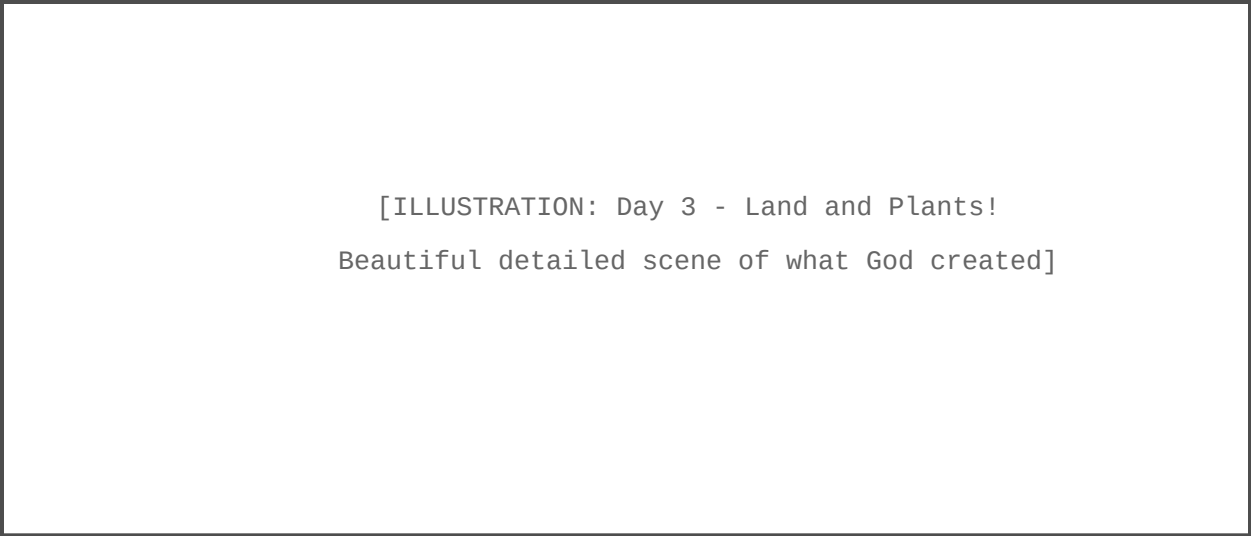

LAND AND PLANTS!

On day three, God commanded the waters below the sky to gather together in one place and for dry land to appear. With a rumble and surge, the waters rushed together forming mighty oceans and seas! Mountains rose up from beneath the waves. Valleys formed. Continents appeared. Sandy beaches, rocky cliffs, rolling hills, and flat plains emerged from the retreating waters.

God said, 'Let the dry land appear,' and it was so. - Genesis 1:9 (WEB)

Day 3: Land and Plants! (continued)

Then God spoke again: 'Let the earth produce vegetation - seed-bearing plants and trees!' Instantly the bare ground erupted with life! Green grass carpeted the hills. Wildflowers of every color burst into bloom. Mighty oak trees stretched toward the sky. Apple trees appeared laden with fruit. Roses, tulips, sunflowers, and a million other varieties painted the earth in breathtaking color. Each plant contained seeds to reproduce its own kind forever.

SCIENCE CONNECTION - Day 3

Did you know? God's creation is even MORE amazing
when we learn the science behind it!

AMAZING SCIENCE FACTS:

There are over 400,000 species of plants on Earth! Trees can live thousands of years - the oldest known tree is over 5,000 years old. Plants produce the oxygen we breathe through photosynthesis!

Questions to think about:

1. How does this science fact make you appreciate God more?

2. What other science facts do you know about Day 3?

Talk about these questions with your family:

1. Why do you think God created land and plants on Day 3?

2. What is the most amazing thing about what God made this day?

3. How does this part of creation help us in our daily lives?

4. What would the world be like without what God made on this day?

Day 4 of Creation

SUN, MOON, AND STARS!

On the fourth day, God filled the sky with the most spectacular lights. He created the great blazing sun to rule the day - a massive ball of fire so hot its surface burns at 10,000 degrees! He set it at the perfect distance from Earth: close enough to warm us but far enough not to burn us. Then He made the gentle moon to rule the night, reflecting soft silver light.

God made the two great lights and the stars. - Genesis 1:16 (WEB)

Day 4: Sun, Moon, and Stars! (continued)

But God was not finished! He scattered BILLIONS of stars across the darkness of space like diamonds thrown on black velvet. Each star is a burning sun, many far bigger than our own. He grouped them into galaxies - swirling pinwheels of light. He created the Milky Way with over 200 billion stars! God placed them all in precise positions to mark seasons, days, and years. The night sky became God's spectacular art gallery.

SCIENCE CONNECTION - Day 4

Did you know? God's creation is even MORE amazing
when we learn the science behind it!

AMAZING SCIENCE FACTS:

Our sun is 93 million miles from Earth and over 1 million Earths could fit inside it! There are more stars in the universe than grains of sand on all Earth's beaches - estimated at 200 billion trillion!

Questions to think about:

1. How does this science fact make you appreciate God more?

2. What other science facts do you know about Day 4?

2. What is the most amazing thing about what God made this day?

3. How does this part of creation help us in our daily lives?

4. What would the world be like without what God made on this day?

Day 5 of Creation

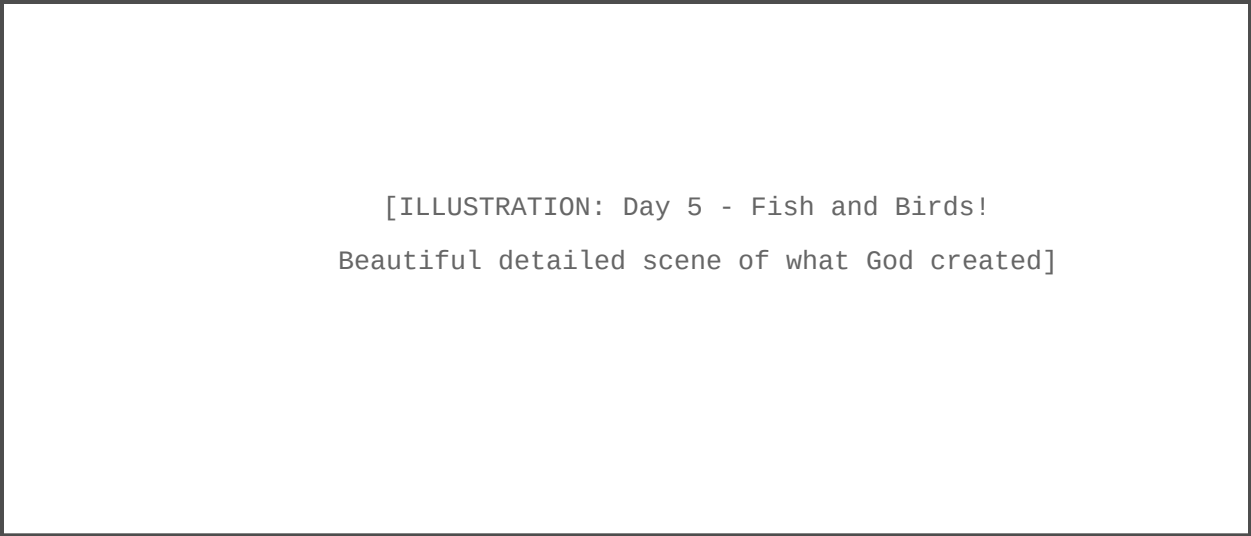

FISH AND BIRDS!

On day five, God turned His attention to filling the waters and skies with LIFE! He spoke and the empty oceans suddenly teemed with creatures. Tiny colorful tropical fish darted through coral reefs. Enormous whales breached the surface. Dolphins leaped joyfully. Octopuses changed colors. Jellyfish glowed. Sea turtles glided gracefully. From microscopic plankton to the massive blue whale, every water creature appeared at God's command!

God created the large sea creatures and every living creature that moves in the waters, and every winged bird. - Genesis 1:21 (WEB)

Day 5: Fish and Birds! (continued)

Then God filled the sky with birds of every kind! Eagles soared on mighty wings. Hummingbirds hovered before flowers, their wings beating 80 times per second. Colorful parrots chattered in tropical trees. Penguins waddled on icy shores. Owls prepared for nighttime hunting. Flamingos stood on one leg. God created over 10,000 species of birds and countless ocean creatures, each one unique and perfectly designed. He blessed them saying, 'Be fruitful and multiply!'

[ILLUSTRATION: Day 5 - Fish and Birds!

SCIENCE CONNECTION - Day 5

Did you know? God's creation is even MORE amazing
when we learn the science behind it!

AMAZING SCIENCE FACTS:

The ocean covers 71% of Earth's surface and contains 97% of all water!

Blue whales are the largest animals ever - up to 100 feet long.

Hummingbirds can fly backwards and their hearts beat over 1,200 times
per minute!

Questions to think about:

1. How does this science fact make you appreciate God more?

2. What other science facts do you know about Day 5?

2. What is the most amazing thing about what God made this day?

3. How does this part of creation help us in our daily lives?

4. What would the world be like without what God made on this day?

Day 6 of Creation

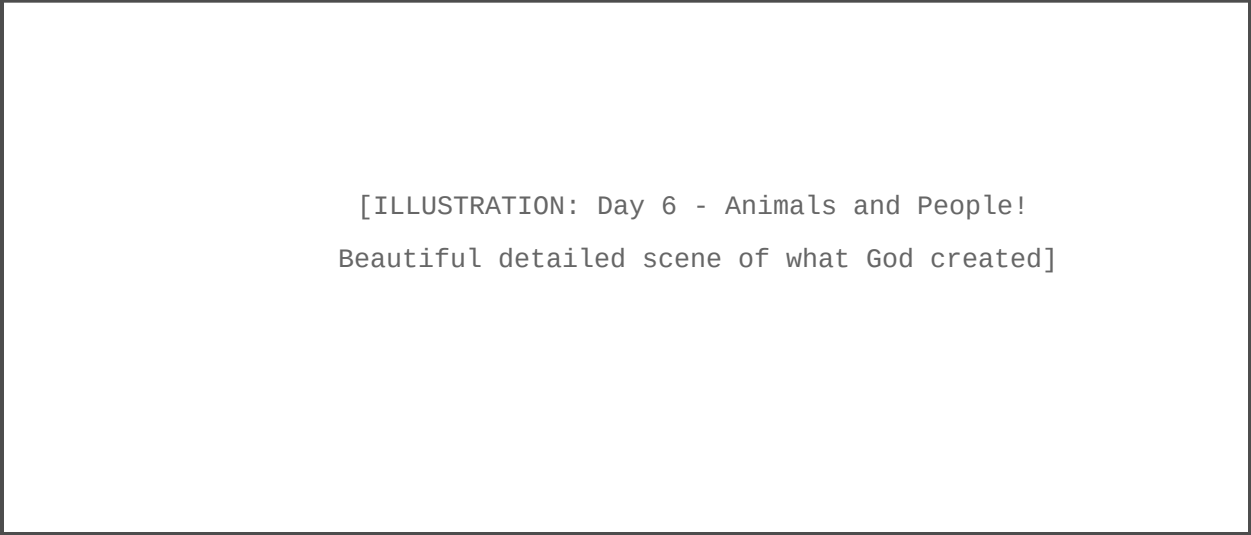

ANIMALS AND PEOPLE!

The sixth day was the most incredible of all! God filled the land with animals - lions roared, elephants trumpeted, horses galloped, rabbits hopped, and monkeys swung through trees. He created every kind: massive dinosaurs, tiny insects, slithering snakes, and jumping frogs. Cats purred, dogs wagged their tails, and butterflies floated on the breeze. Each animal was perfectly designed for its environment.

God created man in his own image. - Genesis 1:27 (WEB)

Day 6: Animals and People! (continued)

But God saved the BEST for last. He said, 'Let Us make man in Our image!' From the dust of the ground, God carefully formed a man and breathed life into his nostrils. Adam opened his eyes and saw his Creator! God made Eve from Adam's rib to be his partner. They were made in God's IMAGE - able to think, love, create, and have relationship with God. God gave them authority over all creation and called everything 'VERY good!'

Now try writing it from MEMORY:

DISCUSSION - Day 6

Talk about these questions with your family:

1. Why do you think God created animals and people on Day 6?

2. What is the most amazing thing about what God made this day?

3. How does this part of creation help us in our daily lives?

4. What would the world be like without what God made on this day?

Day 7 of Creation

GOD RESTED!

On the seventh day, something different happened. God did not create anything new. Instead, He RESTED. Not because He was tired - God never gets tired! He rested because His work was FINISHED. Everything was perfect. Every star was in place. Every creature was alive. Every plant was blooming. Adam and Eve walked in perfect relationship with their Creator. It was paradise beyond imagination.

God blessed the seventh day and made it holy, because He rested. - Genesis 2:3 (WEB)

Day 7: God Rested! (continued)

God blessed the seventh day and made it HOLY - set apart and special. He created the pattern of rest for all humanity to follow. Six days of work, one day of rest and worship. This rhythm of work and rest is built into the fabric of creation itself. God wanted humans to take time to stop, appreciate His creation, worship Him, and enjoy relationship. The Sabbath was God's gift to humanity - proof that we are more than machines.

[ILLUSTRATION: Day 7 - God Rested!

DISCUSSION - Day 7

Talk about these questions with your family:

1. Why do you think God created god rested on Day 7?

2. What is the most amazing thing about what God made this day?

3. How does this part of creation help us in our daily lives?

4. What would the world be like without what God made on this day?

CREATION QUIZ - Part 1

1. What did God create on Day 1?

a) Sun b) Light c) Animals

2. What separates waters above from below?

a) Mountains b) Sky/expanse c) Trees

3. What appeared when waters gathered?

a) Islands b) Dry land c) Fish

4. What rules the night sky?

a) Stars b) Moon c) Clouds

5. What creatures were made on Day 5?

a) Dogs b) Fish and birds c) Insects

CREATION QUIZ - Part 2

6. Humans were made in God's ____

- a) Likeness b) Image c) Both

7. What did God do on Day 7?

- a) Created angels b) Rested c) Made more animals

8. God called His creation ____

- a) Okay b) Good c) Very good

9. Where did God place the first humans?

- a) Mountain b) Garden of Eden c) City

10. How many days did creation take?

- a) 5 b) 6 c) 7 (including rest)

Answers: 1b, 2b, 3b, 4b, 5b, 6c, 7b, 8c, 9b, 10c

VOCABULARY & WORD LIST

Creation:	The act of bringing everything into existence
Expanse:	The great stretch of sky above us
Vegetation:	All plant life - trees, grass, flowers
Luminaries:	Lights in the sky - sun, moon, stars
Abundance:	Having much more than enough
Dominion:	Authority and rule over something
Sabbath:	The day of rest God made holy
Image:	A likeness or representation
Formless:	Without shape or structure
Sovereign:	Having complete power and authority
