- * When to seek help guide

Instant Digital Download | Printable PDF | 8.5 x 11

60-120 Pages of Actionable Content

By Daniel Tesfamariam

Bible Made Simple Publishing

Terms of Use & Welcome

Thank you for purchasing this resource!

WHAT YOU GET:

- Complete printable PDF (60-120 pages)
- Professional worksheets and templates
- Checklists and action plans
- Quick-reference guides
- Bonus resources section

PERSONAL USE LICENSE:

- Print unlimited copies for your household
- Use for personal development/planning
- Share with spouse/partner (same household)
- Do NOT resell, redistribute, or share the file
- Do NOT upload to any website or platform

PROFESSIONAL USE (if applicable):

- Therapists/coaches: use with up to 20 clients
- Teachers: use in your classroom

DISCLAIMER:

This is an educational resource. It does not replace professional advice. Consult qualified professionals for specific medical, legal, or financial concerns.

Table of Contents

1. What Is Happening To Me
2. Daily Mood and Symptom Tracking
3. Anxiety in New Motherhood
4. Bonding Does Not Always Come Instantly
5. Self-Compassion Exercises
6. Sleep Deprivation and Mental Health
7. Your Support Network
8. Communication with Partner
9. When to Seek Professional Help
10. Recovery and Hope

What Is Happening To Me

Understanding PPD PPA and rage

What Is Happening To Me

This chapter covers what is happening to me ? essential knowledge for anyone serious about postpartum mental health.

IMPORTANT DISCLAIMER: This guide is educational only. It does not replace medical advice from your healthcare provider. Always consult a qualified professional before making health changes.

Understanding what is happening to me empowers you to have better conversations with your doctor, track meaningful data, and make informed decisions about your health journey.

WHAT RESEARCH SHOWS:

1. People who actively track health data have significantly better outcomes than those who do not.
2. Organization reduces medical errors and missed appointments ? two of the biggest preventable health problems.
3. Understanding your own patterns helps you identify triggers, improvements, and regressions faster than periodic doctor visits alone.
4. Written records improve communication with healthcare providers. Doctors make better decisions with more complete information.
5. Self-advocacy is a skill that improves health outcomes. This workbook builds that skill systematically.

HOW TO USE THIS SECTION:

Complete the assessment worksheet honestly. Use the tracking templates daily. Bring your completed pages to medical appointments. Review weekly for patterns.

What Is Happening To Me - Assessment

Frequently Asked Questions

Q: Is this a replacement for seeing my doctor?

Absolutely not. This is a COMPANION tool that makes your doctor visits more productive. Bring your completed pages to appointments.

Q: How long should I track before I see patterns?

Most patterns become visible within 2-4 weeks of consistent daily tracking. Some cycles require 2-3 months.

Q: What if my symptoms are getting worse?

Contact your healthcare provider immediately. This tracker helps you communicate urgency with specific data.

Q: Can I share this with my care team?

Yes! Print relevant pages for your doctor, therapist, or specialist. Organized data improves care quality.

Q: How do I use this if I have multiple conditions?

Use separate tracking sections for each condition. The overview pages help you see how conditions interact.

Resources & Next Steps

- Bring completed tracking pages to every medical appointment
- Review your logs weekly to identify patterns early
- Share this resource with your care team
- Update medication and contact pages whenever changes occur
- Consider a dedicated health binder for all your records
- More health resources: Search Daniel Tesfamariam on Etsy and Amazon
