HOW TO USE THIS PLANNER

FOR PARENTS:

- Sit with your child for 5-10 minutes each Sunday to plan the week
- Help them break big projects into small steps
- Review the planner together each evening (keep it brief!)
- Celebrate effort, not just grades
- Use the reward system - kids with ADHD need more frequent rewards
- Sign off each week to show you noticed their work

FOR KIDS:

- This is YOUR planner - decorate it however you want!
- Write down ALL assignments as soon as you get them
- Check off each box when you finish something (so satisfying!)
- Use 'Break It Down' for any project that takes more than 1 day
- Be honest about what is hard - that is how we figure out help
- Remember: ADHD is not about being smart or not smart.
Your brain just works DIFFERENTLY. This planner works WITH your brain.

TIPS FOR ADHD HOMEWORK SUCCESS:

1. SAME TIME every day (build a routine, not willpower)
2. SAME PLACE every day (remove distractions from that spot)
3. START with the hardest or least favorite subject FIRST
4. Take BREAKS every 15-25 minutes (set a timer!)
5. BODY DOUBLES help - do homework near someone else working
6. MUSIC without words can help focus (try lo-fi beats)
7. FIDGET tools are allowed if they help you think
8. CELEBRATE finishing - you earned that reward!

STUDY TIPS FOR ADHD KIDS

YOUR BRAIN IS AWESOME! It just needs the right strategies:

FOR READING:

- Read out loud or whisper-read (hearing helps memory)
- Use a ruler or finger to track the line you are on
- Summarize each paragraph in 1 sentence in the margin
- Set a timer for 10 minutes, then take a 2-minute break

FOR MATH:

- Do problems on graph paper to keep numbers lined up
- Circle the operation sign before you start each problem
- Check your work by doing the opposite operation
- Use colored pencils for different steps

FOR WRITING:

- Talk out your ideas first (record yourself on a phone)
- Use bullet points before writing full sentences
- Focus on IDEAS first, fix spelling/grammar LAST
- Write for 5 minutes, break for 2, repeat

FOR STUDYING/TESTS:

- Make flashcards (the ACT of making them helps you learn)
- Teach the material to a stuffed animal or pet
- Use silly songs or rhymes for things you need to memorize
- Study in short bursts (15 min) spread over multiple days

FOR STAYING ORGANIZED:

- Use ONE folder or binder (fewer things to lose)
- Take a photo of the homework board before leaving class
- Pack your backpack the NIGHT before
- Put things you need by the door so you cannot forget them
